Dear Mel:

This is to confirm that I would be pleased and privileged to attend the Tuesday, March 22, 1988, District 2 meeting.

I would very much appreciate receiving your thoughts about topics that you believe the District's members wish to discuss other than the topic of NYSNA's steps to implement the Resolution on Organizational Mission and the status of related ANA activity.

In addition, please send to me at the above address information about the time and location of the meeting. I would appreciate your suggestions about probable overnight reservation needs in light of your familiarity with accommodations and availability of transportation.

I look forward to hearing from you, and to meeting with your members.

Sincerely yours,

17 February 1988

Dear Dr. Hunter

I'm very much looking forward to introducing you to a large group of District 10 members on March 9, 1988. I had second thoughts after inviting you to come to this particular meeting because we already had a speaker scheduled, and I didn't want to interfere with your goals of meeting with District members and discussing District/State issues. After communicating with the District 10 Board of Directors, however, I felt much better. As you can see from the flyer I've enclosed, you are "double-billed" with someone who is bound to draw a fairly large crowd composed of nurses ready to talk.

At our February Board meeting, we discussed what topics we believe our members would like to discuss with you. Overwhelmingly, those in attendance thought that the image of the nurse and of nursing to the consumer is of vital importance. We have formed a committee (probably more of a task force) to investigate what might be done to help promote the image of the nurse as a real professional to consumers of nursing services in our District. Another topic which our Board thought would be of interest is the "health care emergency" and what has happened since your December letter was sent regarding the Labor-Health Industry Task Force report. Of course the topic of "dying with dignity" is also high on our list of interests. Mr. Ball, who will follow you at the meeting, will speak briefly about the Hemlock Society and then open the floor for an informal discussion.

I look forward to seeing you on Wednesday, March 9. Please let me know how you would like to get to the Holiday Inn in Schenectady. I can arrange to have someone pick you up at about 5:00PM; I plan to be there by 5:30PM, myself. If you have any other questions or concerns, please don't hesitate to contact me.

DAY/DATE: Wednesday, 10 February 1988

TIME: 7:30 PM

PLACE: St. Mary's Hospital School of Nursing, Amsterdam

All officers and members at large are expected to attend. In addition, committee chairpersons have been requested to attend. General members interested in participating in the work of the District are heartily invited--so if you know someone, bring them along. If you have a conflict, please notify Vicki Rosenberg (642-7331) prior to the meeting. The Bylaws Committee will have met three times by the time the meeting is held. It is imperative that the Board meet to discuss suggested changes in the Bylaws before they are submitted to the NYSNA office for approval by the State Bylaws Committee on March 4, 1988. Note: our Bylaws currently read that any Board member who misses two consecutive meeting will be considered to have resigned.

BOARD MEETING TO PRECEDE PRESENTATION
GENERAL MEMBERS INVITED

#173 TRAVEL ARRANGEMENTS

District 10 is busy these days. We're planning programs, revising Bylaws, recruiting new members, soliciting advertisers for the Bulletin, and thinking about our future. As president of District 10 I attend certain functions at the State level, most notably the Advisory Council meetings. I hear other District presidents talking about the same sort of business.

At the Advisory Council meetings, each of the programs and departments of NYSNA reports on their activities since the previous meeting. In addition, ANA activities are highlighted. On January 13, I attended the first Council meeting of the 1985 working year. I'd like to summarize the progress of that meeting for all of our members in this column.

Over a year ago, the NYSNA Board of Directors formed a committee to study the role of the Advisory Council. Its composition, purpose, functions, and operations have been examined. A first draft of guidelines for the Council was discussed at the January meeting. One of the main functions is to act as a consultant body to the NYSNA Board of Directors, identifying issues of concern to the District Nursing Associations (DNAs), and, conversely, considering issues referred by the Board to DNAs. Plans are in the offing to have a Board-appointed Coordinator who will work closely with the NYSNA president and the Council. The important thing for general members to know is that each and every member of DNAs can make their concerns known to the NYSNA Board of Directors through their DNA president.

One of the resolutions passed by the Voting Body at the 1987 Convention calls for the involvement of individual nurses in promoting public awareness of current nursing roles and practices. This is supposed to be done through NYSNA and its Consumer Advisory Council. Some Districts have their own Consumer Advisory Committees which can be mobilized to contact local community and consumer groups in order to deal with the complex issues and concerns that nurses face today in providing for consumers of

nursing services (i.e., patients and clients). District 10 doesn't have such a committee, but it is still imperative that we get involved in promoting an image of the nurse as a professional. This issue will be on our agenda for the upcoming meeting.

A Retired Nurse Group is being formed at the State level to deal with concerns identified by nurses who responded to a survey circulated last year by NYSNA. Some interesting data were reported to the Advisory Council by Elizabeth Carter (NYSNA Deputy Director): 1) 74% retired nurses have been identified through NYSNA membership files of whom 29% responded to the survey. 2) of those responding, 32 have been NYSNA members for 30 or more years. 3) 23 retired nurses attended a meeting at the 1987 Convention at which the issues identified by survey respondents were discussed. If I'm not mistaken, there were District 10 members at that meeting. It was suggested at the Advisory Council meeting that Districts look into establishing local retired nurse groups—any interest, folks???

The major issue discussed relating to ANA activities was progress toward implementation of the Resolution on Organizational Mission passed by the Voting Body at the 1987 Convention. ANA has appointed a committee to study the organizational mission of the national association. In addition, the ANA Committee on Bylaws has ruled that no state may implement membership changes until after adoption of Entry into Practice legislation. Further information regarding this issue will be passed on as it evolves.

NYSNA President Juanita Hunter reported about a meeting with Health Commissioner David Axelrod regarding the Labor-Health Industry Task Force draft report on the current "health care emergency." There is concern that some of the legislation pending at this time may lead to "sunset" of the Nurse Practice Act. In addition, there is talk of institutional licensure of health care personnel. Dr. Hunter sent a letter to NYSNA members regarding these issues.

#173 TRAVEL ARRANGEMENTS

late in December. This will be discussed at our next meeting.

Finally, NYSNA Legal Counsel Richard Silber spoke about discussion of Economic and General Welfare issues and activities at District meetings. This is absolutely not allowed. The collective bargaining arm of NYSNA is operational only at the State level. DNAs are independently incorporated and may not be involved in such functions, they are solely professional organizations.

Obviously, just from this sketchy report of the proceedings of the January Advisory Council meeting, there is much to keep us busy. Please support the efforts of dedicated District 10 members. Our next meeting will be held on Wednesday, February 10. It is designated as a Board meeting, but I urge as many members to attend as possible. We are revamping the structure (and existence!) of our District committees and need members to serve on them.

Dear Vicki:

It is with regret that I resign as Second Vice President for District Ten. As you know, I have accepted a position with the New York State Nurses Association as Associate Director for Nursing Practice and Services, starting January 11th. According to their by-laws, I cannot be an employee of their organization and an officer at the constituent level because there is the potential for a conflict of interest.

I will continue to remain an active member of District Ten. Hopefully, I will be a resource to you for the work at the district level.

Please extend my good wishes to the officers when you see them. Good luck for an exciting year.

Yours truly,

Gail

Gail K. DeMarco

We're sorry to see Gail leave her position as Second Vice President of District 10. The Board will need to appoint a replacement, who will remain in office for the remainder of this year, as well as next year (1988-89). Any nominations or volunteers?? Please contact Vicki Rosenberg, Pres. or Teresa Pistolessi (Nominating Committee).

Good luck in your new State position, Gail!!! It sounds like quite a challenge. We'll be sure to contact you, and hope to see you at our meetings. (Everyone: note that the Board meetings are open to all.)

Dear Dr. Hunter:

This letter is to provide the details of the Annual Meeting of District #8, May 5, 1988, at which you are our guest speaker.

The STT, Gamma Delta Chapter will have a short business meeting prior to this combined STT-District meeting. Then Gamma Delta will join the district membership, following the proposed agenda, as follows:

cocktails	6:30-7:00 PM
dinner	7:00-8:00
your speech	8:00-8:40
& discussion	8:40-9:00
district	
meeting	9:00-10:00

The short district meeting consists primarily of recognition of an elder nurse of the district, voting on the slate and a few other scheduled concerns.

Regarding the members' desires for topics they would like to hear about, besides the Organizational mission and related ANA activity, they suggested comments on NYSNA's legislative program focus and activities in recruiting and retention into nursing by NYSNA. I hope it is feasible for you to present a version of your STT lecture and comments on these NYSNA-related topics within the proposed timeframe. Of course, the schedule is flexible to meet your needs.

We have made arrangements for your lodging at the Holiday Inn in Plattsburgh and am sending that information to Kim Roberts.

We are eagerly looking forward to your visit.

Dear Kim,

Dr. Hunter's lodging for her speaking engagement with District #8 on May 5, 1988 has been made at the Holiday Inn in Plattsburgh.

Reservation was made for a single. The confirmation number is 61576317. Check-in is by 6 PM, which I'm sure Dr. Hunter will arrive well before, but in case there was a problem, the number is 1-800-HOLIDAY. The room rate is \$40.00 + tax, though it is not a guaranteed rate earlier than 30 days before.

Thank you for clarification of the fact that NYSNA assumes the expenses related to Dr. Hunter's visit, as I will be able to correctly inform the district board regarding this. If there are any suggestions about suitable recipients of an honorarium, if the district board so desires to give one, please let me know. Thank you.

Dear Juanita:

We are so pleased that you will be the speaker for our Membership Meeting on Tuesday, May 24, 1988. This is our Annual Meeting so your participation will have special meaning.

The meeting is scheduled from 5:30pm to 9:00pm at the Grand Prospect Hall in Brooklyn. The first half hour is a social, networking time followed by dinner from 6:00pm-7:00pm. The business meeting will get underway at 7:00pm and will include presentations of Annual Reports and some bylaws amendments for action by the membership. The program is scheduled for 8:00pm.

Your presentation, focusing on the nursing organization-individual and societal relationships and the elements of human rights, self-fulfillment, unity and power- will not only be a fitting close to this membership year but will provide the stimulus for proceeding with renewed vigor in the new year. We shall be talking about the specific title for your presentation.

Regarding your travel arrangements, if a flight can be planned to arrive, preferably in JFK Airport, anytime up until 3:00pm on May 24, Nettie Birnbach will plan to meet you at the airport. She has already talked with you about staying overnight at her home and she will drive you to the airport the following morning. I'll be in contact with the NYSNA office to be sure this travel arrangement is workable.

We are delighted that you are able to be part of our Annual Meeting and look forward to seeing you.

Sincerely,

Barbara

Dear Dr. Hunter:

The members of District 19 would like to invite you to speak at our annual meeting. It will be held on May 25 at 7 PM at Romalino's Restaurant in Port Jefferson Station.

This is our first annual meeting and we hope to make it a very special night. We would be interested in having you share your perspectives as to the present and future health of the nursing profession in New York State with us.

I understand you will be at the District 14 meeting on the previous evening. We would be able to provide you with transportation from Nassau County to our meeting and transportation to Islip Airport afterward. We would also expect you to be our guest for dinner.

We very much hope you will be able to join us and give our members the benefit of your broad experience as NYSNA president. I look forward to hearing from you soon.

Sincerely,

QUESTIONS AND ANSWERS ABOUT Callanetics

What makes this exercise program more effective than others?

The answer is Callanetics.

What is Callanetics?

It is exercises that activate the body's deepest, largest muscles.

What does Callanetics do for you?

If properly applied, these exercises can make an appreciable difference in your figure in 2 hours, a substantial difference in 4 hours, a dramatic difference in 5 to 7 hours, and a spectacular difference in 8 to 10 hours.

Where is the proof of this claim?

The proof is in the unretouched photos of this book. The remaining proof comes from doing it yourself and seeing the changes in your own body.

Can Callanetics cure any figure problem?

Callanetics will melt fat off buttocks and hips, flatten the tummy, stretch the neck, firm the chin, lift and tighten the rear and bust, slim inner thighs and legs, firm the underarms, and give you the perfect figure nature intended you to have.

Is Callanetics safe?

Callanetics is so safe that even eighty-year-olds can do these exercises.

Why is this so?

The deep muscles are activated by small and delicate movements consistently applied. There is no sudden jerking, no hard impact which can cause harm to the body, as sometimes happens in other forms of exercise.

What are these deep muscles and why are they so important?

The large underlying muscles are the ones that support the other, outlying muscles. By activating these major muscles you go directly to the source of a good figure.

Do you have to diet as well as exercise?

No. A person who is 10 to 15 pounds overweight can pull in so that his or her clothing is two sizes smaller without shedding a pound. If you do lose 10 pounds it will look like 20.

This is to confirm that I would be pleased and privileged to attend the Thursday, May 5, 1988, District 8 meeting which the District and Sigma Theta Tau will co-sponsor.

I would very much appreciate receiving your thoughts about topics that you believe the District's members wish to discuss other than the topic of NYSNA's steps to implement the Resolution on Organizational Mission and the status of related ANA activity.

I would be pleased to present a version of my lecture "Nursing Care: Is There a Future?" for the Sigma Theta Tau portion of the program.

According to your January 21 letter to Wendy Burbank, you had wished for me to speak to District members for twenty to thirty minutes. I would appreciate clarification of your needs in connection with: the timeframes for both the District presentation and the Sigma Theta Tau presentation; and the anticipated format of the two program parts.

I appreciate your willingness to assist in arranging hotel accommodations. Please make a reservation for me at a hotel that you deem appropriate, and advise Kim Roberts at the NYSNA Headquarters office of its name and location.

I look forward to hearing from you, and to meeting with your members.
